

Wessex SP500 Step Lift

Introducing the Wessex SP500 Steplift, is a fantastic solution to overcome a short vertical change in height if a ramp won't fit or you prefer the look of a lift to a ramp.

This compact lift is perfect for access to door thresholds to get you in and out of your home. It can also be installed in commercial or public buildings too both suitable for indoor and outdoor environments.

The SP500 offers wheelchair users seamless access over one or two steps, conquering level changes with ease. It has a generous platform area for wheelchair users to mount onto and has a gently sloping ramp for easy access.

- ✓ A compact short rise wheelchair lift that can be installed outdoors or indoors (subject to space)
- ✓ Easy to access and operate for any user with carer controls if assistance is needed
- ✓ It can accommodate a weight capacity of up to 250kgs that's 39 stone
- ✓ Custom-made to order in around 10 - 12 weeks
- ✓ Comprehensive 1-year warranty
- ✓ Building works may be required for a level fixing base or garden dig out. We can quote for and project manage the whole job from start to finish for you if you wish.

Wessex SP500

Step Lift

Standard Features

- Platform Safety Edges around the lift that will stop the lift should it meet with an obstruction
- Battery Back Up System If there is a power cut while using the lift, it can be driven to the lower level of the lift and will then wait until the power comes back on to resume normal service.
- Emergency Manual Lowering to ensure the lift will always lower you down in the unusual event of an emergency
- Suitable for both indoor and outdoor use
- Compact, Space conscious design
- Shallow ramp for safe easy access to the platform
- Anti-slip safety floor covering designed to be hardwearing and durable, and also prevents slipping and reduces cosmetic damage
- Easy-to-use controls to move the lift up and down safely with minimal effort for the user
- Travel up to half a metre
- Rust-free anodised aluminium provides a durable lift that can withstand rust ideal for any outdoor installations

Wessex SP500 Step Lift

Optional Features

- A key control system can be incorporated into the call stations to prevent unauthorised use
- Manual Interlocked safety gate at the upper level
- Bridging steps so you can still have use of the steps or a lift for people that don't need to use the lift, they can walk up the steps as normal
- Colour options customised from RAL range to blend into your environment subject to extended lead times.

Is the Wessex SP500 Step Lift suitable for me?

As well as platform lifts, we also offer a range of new, reconditioned, and rental stairlifts for both straight and curved stairs and vertical platform models for home and commercial use.
