

HomeGlide Outdoor Curved Stairlift

Brief Summary:

- ✓ Fits most outdoor straight staircases including extra long stairs with the addition of extra rail meterage
- ✓ Easy to use with easy seat transfer (and if you are unable to transfer onto the seat we have a range of outdoor wheelchair lifts too)
- ✓ Made to order in a few weeks
- ✓ Comprehensive 2-year warranty
- ✓ 24/7, 365 days a year emergency on-call cover included in your warranty
- ✓ Simply fits to the stairs and not the wall and is installed in around 3-6 hours by our manufacturer-trained engineers

If you have a straight set of steps outdoors that you need to help get up and down, the HomeGlide Outdoor model is a brilliant solution to help overcome this problem. Its modern design and weatherproofing means that it's a practical and stylish solution for outdoor straight stairs.

It's simple to use with a joystick-controlled operation and call controls if more than one person needs to use the outdoor stairlift. It folds up nice and neatly when not in use to allow other stair users to pass. It also comes with a stylish PVC cover to cover up the chair and carriage part of the stairlift when not in use to protect it from the elements and keep it clean and dry for when you need to use it next.

Safety is of course paramount that's why all the safety features of an indoor model are here as you'd expect with safety sensors and seatbelt as standard. All the electrics are weatherproofed making it perfectly safe for outdoor use.

HomeGlide Outdoor Standard Features

- The stairlift folds up when not in use. The armrests, seat base, and footrest all fold up to create space for family and friends to walk up the stairs.
- A manual swivel seat turns the chair at the top of the stairs to make it easy to get off the lift
- A joystick control operates the stairlift with constant pressure in the direction of travel and is easy to operate
- Key switch operation if you wish to isolate and turn your stairlift off to prevent unauthorised use
- Call controls for multi users or carers to be able to operate the outdoor stairlift
- Battery operated for outdoor use and would work in the event of any power cut
- Weatherproofed electrics, circuits and mechanics IP rated for complete safety
- A weather-resistant PVC Cover can be placed over the unit to protect it from the elements when not in use to keep the seat nice and dry
- Obstruction safety edge sensors and seat belt ensure safety whilst in travel.

Is the HomeGlide Outdoor suitable for me?

As well as new HomeGlide Outdoor stairlifts we also offer a range of reconditioned and rental stairlifts, subject to availability.

When choosing a reconditioned or rental model the chair and carriage will be reconditioned and the rail will need to be made new to accommodate your exact stair dimensions. Upholstery choice of colours is subject to availability for reconditioned and rental models.
