HomeGlide

Standard Features

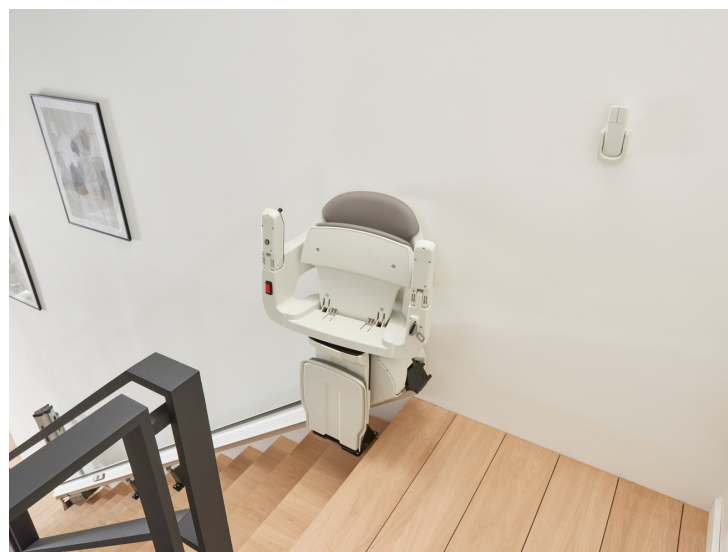

- Slimline foldaway design – the armrests, front seat base, and footrest fold up to allow stair access to non-stairlift users
- Manual Swivel Seat with a manual lever to turn the chair at the top of the stairs to get off at the top safely
- Easy-to-use Joystick Control with constant pressure to operate the stairlift
- Armrest Detection system to make sure you are safe in the seat when in travel and the armrests are down
- One-hand operation Seatbelt with detection to make sure the seatbelt is fastened before travel
- Emergency Stop Button to comply with the new safety regulations
- Vinyl seat upholstery is a wipe-clean fabric in a neutral grey colour
- Fixes to your stairs through the stair treads
- Battery operated so will work even in the event of a power cut
- Remote Control to call and send the stairlift to another park point, or if someone else wants to use the lift or if a carer needs to operate the stairlift instead of the user
- Safety edges around the lift that will stop it should it meet with an obstruction.

HomeGlide

Optional Features

- Call Device is an emergency call system that's linked to your homes landline phone system in the unlikely event that you need to call for help when travelling on your stairlift.
- Powered hinge rail where the bottom section of the rail hinges and folds up out of the way when the stairlift is not in use to enable access to a door or hallway at the bottom of the stairs

Is the HomeGlide suitable for me?

As well as new HomeGlide stairlifts we also offer a range of reconditioned and rental stairlifts, subject to availability.

When choosing a reconditioned or rental model, the chair, carriage and rail will be reconditioned. The rail will be cut to length to accommodate your specific staircase dimensions. Upholstery choice of colours is subject to availability for reconditioned and rental models.
