

Wessex LR Open Platform Lift

Introducing the Wessex LR Open platform lift, the largest 'open car' design platform lift, available from 1st Choice Stairlifts.

With a generous 3-meter travel capability and versatile side access, this open platform lift is designed for both indoor and outdoor use. Its sleek and unobtrusive design effortlessly blends into any environment.

Safety is paramount, and the Wessex LR Open Platform lift delivers with features like obstruction-detecting sensors, door interlocking mechanisms, and an internal alarm system.

Designed to withstand the harshest weather conditions, this is suitable for outdoors for private homes, and outdoors and indoors for commercial or public buildings.

- ✓ A versatile product to help negotiate levels for wheelchair users
- ✓ It can accommodate a weight capacity of up to 30kgs that's over 47 stone which will easily hold a wheelchair user and their scooter or wheelchair.
- ✓ Custom-made to order in around 10 - 12 weeks
- ✓ Comprehensive 1-year warranty
- ✓ 24/7, 365 days a year emergency on-call cover included in your warranty
- ✓ Building works will be required to form a level fixing base and a garden dig-out may be required, which we can quote for and project manage the whole job from start to finish for you if you wish.

LR Open Lift

Standard Features

- Platform Safety Edges around the lift that will stop the lift should it meet with an obstruction
- Battery Back-Up System If there is a power cut while using the lift, it can be driven to the lower level of the lift and will then wait until the power comes back on to resume normal service.
- Emergency Manual Lowering to ensure the lift will always lower down in the event of an emergency
- Suitable for both indoor and outdoor use
- Manual Interlocking upper and lower gate for controlled entry and exit of the lift
- Fixed control stations with a joystick or button at both levels ensuring the lift can be called if not at the same level as the user
- Rust-free anodised aluminium to provide a durable lift designed to withstand the elements, ideal for any outdoor installations

- Shallow ramp for safe and easy access onto and off the platform
- Anti-slip safety floor covering designed to be hardwearing and durable, providing a flooring that prevents slipping and reduces cosmetic damage

LR Open Lift

Optional Features

- Key switched controls ensure complete peace of mind and control of the lift, limiting access to authorised users only
- Glass infill panel offers a transparent barrier, providing both user protection and visibility
- Easy-to-use high specification controls ensure full control and convenience when using the lift
- Powered gates eliminate the manual action of opening the gate
- Traveling Barrier adds an extra layer of safety during travel, preventing accidental falls or contact with moving objects
- Bridging system that provides steps (for ambulant users) that fold in to form the platform for the wheelchair user when the lift is in the up position.
- Custom colours and finishes (where available)
- Through and side access options to ensure complete customisation to your home/floor layout

Is the Wessex LR Open Platform lift suitable for me?

As well as platform lifts, we also offer a range of new, reconditioned, and rental stairlifts for both straight and curved stairs and home lifts.

Due to the nature of these products, we only offer these models as new and no reconditioned or rental models are available.
