

Oto Modul-Air Smart Stairlift

Brief Summary:

We just love the Otolift stairlift for curved staircases, it's stylish, reliable, versatile and it's our most popular model for curved staircases by far. The Otolift Modul-Air Smart (or Oto Air as we like to call it for short!) runs on a single tube rail system and has the slimmest rail diameter of any stairlift single rail system stairlift. That means it fits closer to the edge of your stairs leaving the remaining stair width free for others.

It's designed to fit the majority of curved stairs even the more complicated narrow or spiral stairs as well as the usual quarter and half landing staircases. The seat is modern and comfortable and the Oto Air is so easy to use, we're sure you'll love it as much as we do!

- ✓ Fits curved staircases even the most complicated ones with ease
- ✓ Very easy to use and suitable for the majority of users
- ✓ Made-to-measure rail configured to your exact stair design within a few weeks.
- ✓ Comprehensive 2-year warranty on new models, 1 year on reconditioned ones and an inclusive warranty for however long you rent a model.
- ✓ An option on new and reconditioned models to extend your warranty by another 3 years
- ✓ 24/7, 365 days a year emergency on-call cover included in your warranty
- ✓ Simply fits to the stairs and not the wall and is installed in around 3-4 hours by our manufacturer-trained engineers

Oto Modul-Air Smart Standard Features

- The thinnest single tube rail diameter of any stairlift measuring just 6cm wide. It can fit on most curved stairs and can navigate 90-degree and 180-degree staircases with ease as well as complicated spirals and multi-flights.
- Manual Swivel Seat to ensure a safe and controlled way to turn the chair to get on and off
- Padded seat and backrest for additional comfort and support
- Vinyl or fabric seat with multiple choice of colours such as grey, beige, or red
- Folding arms, footrest, and seat to allow easy access for other stair users
- Interlocking retractable seatbelt for additional comfort and safety making sure you have your seatbelt on when in travel
- Easy-to-use constant pressure joystick control on the arm of the seat
- Powered Folding footplate means you don't have to bend down to fold the footrest up and down

- Battery operated so will work even in the event of a power cut
- Safety Edges built-in will stop the stair lift automatically if it encounters any obstacles on the stairs.
- Real-time diagnostic display to show the user the status of the lift
- Remote call and send controls for multiple users or to send the stairlift to a mid-way park point.

Oto Modul-Air Smart Optional Features

- Two-way powered swivelling seat and footrest to facilitate downward-facing travelling position on narrower stairs
- Leather seat upgrade available with a further choice of colours

- Additional Charging or Stopping Points on the rail to park the stairlift in a mid-way position or on a mid-landing for multi-flights
- Locking key fob controls

Is the Oto Modul-Air Smart suitable for me?

As well as new Oto Modul-Air Smart stairlifts we also offer a range of reconditioned and rental stairlifts, subject to availability.

When choosing a reconditioned or rental model the chair and carriage will be reconditioned and the rail will need to be made new to accommodate your exact stair dimensions. Upholstery choice of colours is subject to availability for reconditioned and rental models.

Contact us for a free quote

To see if the Oto Modul-Air Smart is the best solution for your needs call us on 01249 814528 for a friendly chat or to arrange a no-obligation free home survey for a quotation. We'll measure your stairs and advise on which model will suit you best.
